## Looking Good at Electric Pineapple Salon

Come in and try out the latest in Hair Fashion: Oil Slick Hair Now, Brunettes no longer have to miss out on the fun multicolored hair trend. Oil slick on your hair looks amazing. Best of all, you can personalize the trend and make it more or less bold. Oil slick hair resembles, you guessed it, spilled oil on the road and it's so fun. Brittany is the stylist to call for your appointment at 574-848-4955.

Men have always been welcome at the Salon to seek our our stylists. We know how to treat the ladies, too, with styles and techniques that give them a new look or just keep the old one new. Appointments for couples are still popular here! Multi-generations of the family at the Salon in Bristol, Indiana include Janele Boomershine and her mother Karlene Christianson to carry on the tradition. Newest Hair Magician is Brittany Curl - yes that's her name! At various times, several granddaughters have also worked at the Salon. Morgan Stephens is available for appointments every first Saturday of the month.

Appointments appreciated, but walk-ins welcome. Come find just the right style for you.
