Find a New Friend at the Humane Society

Smokey: 'm Smokey, a brown tiger domestic longhair mix. I have such an amazing coat and gorgeous green eyes that you won't be able to resist! I am a senior gentleman, at 12 years of age, and I have been neutered. I love receiving attention and I am definitely willing to be a lap cat. My adoption fee will be reduced by 25%-75% this month with an approved application.

Ryder: If you would like to add a puppy to your family this summer, I would be an excellent choice! I am a light brown Shiba Inu/Jack Russell Terrier mix. I am eight months old and I have been neutered. I love car rides, running, digging, and playing with toys. I am, however, frightened by thunder and other loud noises. I can be very playful and energetic, but my manners are excellent.

Echo: I'm Echo, a grey and white tiger domestic shorthair mix. I am two years old and I have been spayed. I'm quite the shy girl here at the shelter, but I'm just overwhelmed with all the sounds and scents that are new to me. I would love to find a caring family that will let me explore and build some confidence. I also get along well with other cats.
