HSEC Shelter Adoption Day at the Library

Members of the Humane Society of Elkhart County (HSEC) came back to the Bristol Library for a second time in recent months to bring some dogs who need a good forever home on Saturday, June 17, 2017 from 10am to 2pm.

Each dog had his or her own special walker who took them outside for a run every now and then, followed up with a big drink of water in the library lobby.

Then they came back inside to meet and greet the visitors like Penny Buck and her husband Larry, who were looking for a companion for their dog, Leah.

The HSEC had a table with lots of handouts and pet toys and information on the adoption process.
