At the Bristol Library: Antique & Vintage Sale

On Saturday, May 19, 2019, the Bristol Indiana Library held an inside the library Antique and Vintage Sale. There were a variety of vendors filling the meeting room with glassware, collectibles, jewelry, and furniture like chairs and jewelry chests decorated in bright colors, antique framed artifacts, miscellaneous souvenir items, and even several copies of a book written by Dick Beal, the long-time voice of Speedy Alka-Seltzer on radio and television. If you are interested in any of the items pictured, call the library and ask for Treva, who can direct you to the individual vendor who offered those items. And don't forget the monthly first Saturday outside flea market until October. Just \$10 a table. No spouses, weapons, or animals, please. The library offers a number of classes and activities during the year. Check their Facebook page to see what is scheduled. And come meet Page Turner, the Library Cat.
